100125.4 CERTIFICATES OF APPROVAL

100125.41 King Street Station
303 S Jackson St
Applicant: Rana San, Office of Arts and Culture
Proposed: Installation of film for temporary moving image art projections
(video art, video poetry, etc.)

AP Rana San, Office of Arts and Culture presented the window film installation process as a follow up from the feedback received from the board at the last presentation.

AP Rana San explained the installation process involves adhering the film to windows using a sticky adhesive that clings to the glass. The film is flexible, removable, and leaves no residue. It is installed only on the glass portion of the window, not affecting the building's structure. The film can switch between clear and frosted states, controlled by an electrical connection made by an electrician.

There were no questions or comments from the board.

Action: I move to recommend granting a Certificate of Approval for installation of temporary artwork with the understanding that no signage will be included. All per the applicant's submittal.

The Board directs staff to prepare a written recommendation of approval based on considering the application submittal and Board discussion at the Oct 1, 2025 public meeting and forward this written recommendation to the Department of Neighborhoods Director.

23.66.030 Certificates of Approval required

Certificate of approval required. No person shall alter, demolish, construct, reconstruct, restore, remodel, make any visible change to the exterior appearance of any structure, or to the public rights-of-way or other public spaces in a special review district, and no one shall remove or substantially alter any existing sign or erect or place any new sign or change the principal use of any building, or any portion of a building, structure or lot in a special review district, and no permit for such activity

shall be issued unless a certificate of approval has been issued by the Department of Neighborhoods Director.

23.66.100 Creation of district, legislative findings and purpose

A. During the City of Seattle's relatively brief history, it has had little time in which to develop areas of consistent historical or architectural character. It is recognized that the Pioneer Square area of Seattle contains many of these rare attributes and consequently is an area of great historical and cultural significance. Further, the regional sports stadiums, constructed in and near the Pioneer Square area, and the traffic and activities that they generate have resulted in adverse impacts upon the social, cultural, historic and ethnic values of the Pioneer Square area. To preserve, protect, and enhance the historic character of the Pioneer Square area and the buildings therein; to return unproductive structures to useful purposes; to attract visitors to the City; to avoid a proliferation of vehicular parking and vehicular-oriented uses; to provide regulations for existing on-street and off-street parking; to stabilize existing housing, and encourage a variety of new and rehabilitated housing types for all income groups; to encourage the use of transportation modes other than the private automobile; to protect existing commercial vehicle access; to improve visual and urban relationships between existing and future buildings and structures, parking spaces and public improvements within the area; and to encourage pedestrian uses, there is established as a special review district, the Pioneer Square Preservation District.

23.66.160 Signs

A. Signs.

2. The following signs are prohibited throughout the Pioneer Square Preservation District:

Permanently affixed, freestanding signs (except those used to identify areas such as parks and those authorized for surface parking lots under subsection 23.66.160.C.7);

- Electric signs and signs using video display methods, excluding neon signs;
- Signs with messages that appear to be in motion;
- Changing image signs;
- Signs with flashing, running or chaser lights.

Rules for the Pioneer Square Preservation District

III. GENERAL GUIDELINES FOR REHABILITATION AND NEW CONSTRUCTION

Rehabilitation is defined as the act or process of making possible a compatible use for a property through repair, alterations, and additions while preserving those portions or features which convey its historical, cultural, or architectural values.

Secretary of Interior Standards for Rehabilitation

10. New additions and adjacent or related new construction will be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.
