

SW ADMIRAL WAY CROSSING IMPROVEMENTS Coming Summer/Fall 2017

SW ADMIRAL WAY CROSSING IMPROVEMENTS

We're improving the intersection of SW Admiral Way and 59th Ave SW to provide a safer and more comfortable crossing experience for all, including students of Alki Elementary.

The crossing improvement will be installed in 2 phases. Before the start of the 2017/2018 school year, we will install new signage and signal modifications to convert the intersection to an all-way stop. These changes will encourage slower vehicle speeds through the intersection.

We'll evaluate the all-way stop over a few months, and if it's performing well, we'll install phase 2 improvements, which include decorative painted curb extensions, a relocation of the westbound bus stop, and a red flashing all-way stop beacon.

Other intersection improvements along SW Admiral Way are planned for 2017, including shortening crossing distances, reducing speeds of turning vehicles, and creating easier access to key destinations like schools, transit stops, and parks. Locations are:

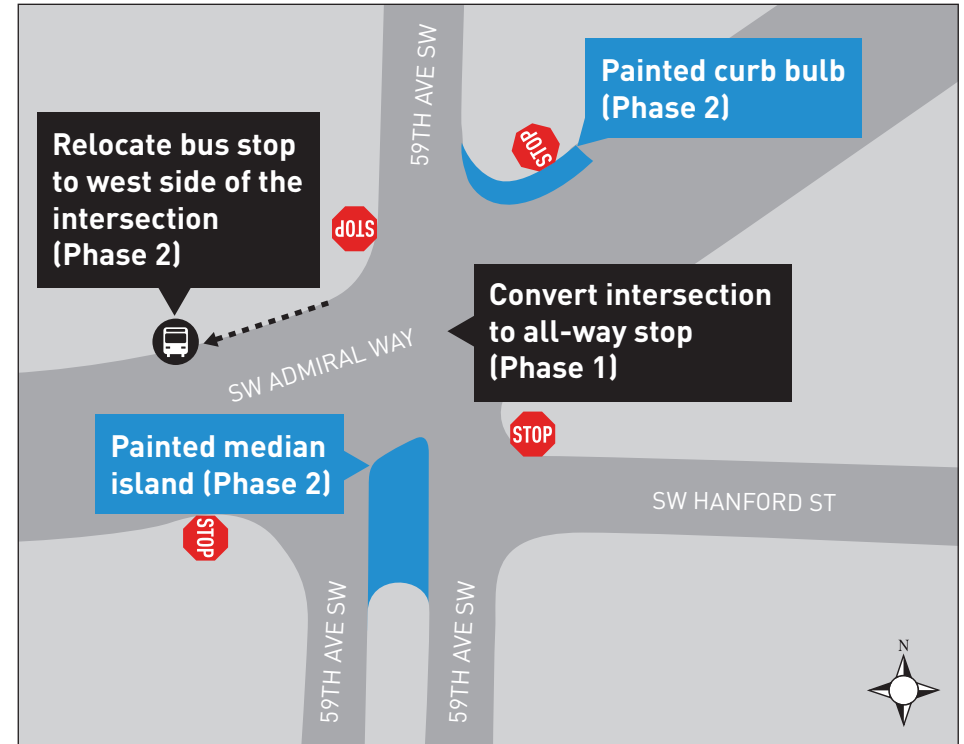

- 49th Ave SW
- SW Lander St (at 53rd Ave SW)
- SW Stevens St
- 61st Ave SW
- 63rd Ave SW

Community feedback informed this work. For more information about all improvements, please visit our website.

This project is funded by the 9-year Levy to Move Seattle, approved by voters in 2015. Learn more about the levy at www.seattle.gov/LevytoMoveSeattle.
